Have we lost confidence in Moral Power

Let the Whole Hist. of our Movement answer.

Gov. Haughton's letter.
"War better than Peace"
"Surrender Conviction to Expediency".

When have we sought ye aid of ye Pow, or of Vidence?. When have we not deprecated it? When have we ceased to warn both North & South, th the Clouds of War & Bloodshed were certainly impending over them; and to urge them by a speedy repentance to avert these judgments? Our whole Course has been eminently & remarkably characterized by its thorō & exclusive reliance upon the Truth applied to the Consciences and Hearts of people. And there has been no exception to this, nor is any qualification to be made.

In these circumstances, a War breaks out, a Civil War a War strictly between the Slave (old) St., & the Non S. St It is a War provoked by Sh holders, in ye interest of Slavery. The Same man decries this. None is so blind as not to see it. The Southern heart is maddened to ye. of Northern people, and all their passions, Sch on fire of hell, are excited to desperation exhibit themselves in War. The patient & submissive Nor which has endured from ye South a Quarter of a Century o insult, aggression, and fraud, such as would have been disgraceful if practised by the most huckstering community on earth, b which, coming from the Chivalry, we were expected to receiv all right & Suitable, at length is tried too far, and resolves Make a Stand against the Despotism which aims to rule all, or to ruin all. — At length the North refuses to be a longer cravenly submissive to the Slavery Power. — Can there be a man with soul so dead within him, whether he be be not an Abolitionist technically & avowedly, as not to rejoice
